Talented Software Engineer with expertise of 4 years in software development, testing, and debugging. Skilled in **Mobile Application Development**, using **Flutter framework**, with a proven track record of creating high-performance mobile applications that excel on Android, iOS as well as web platforms. My expertise is dedicated to simplifying the application development process and helping businesses save time and money by harnessing the power of Flutter's single-codebase technology. I have a strong commitment to **exceeding client expectations** and have successfully translated ideas into visually stunning, fast, and reliable applications.

Skills

Flutter , Dart , Git , Web , RESTful APIs integration , BLoC , Riverpod, GetX

Work Experience

Cloud Engineer

Niveus Solutions Pvt. Ltd.   Aug 2022 - Present
